

COMPETITIVE COMPARISON

Despite the relatively small number of certificated, qualified service providers performing similar services to that of the Deer Proof, Inc, in particular, wildlife hazards assessments/management on airport properties, there are those providers that are more qualified than others with equally as diverse pricing schedules. The management team of Deer Proof, Inc. recommends that our potential clients call upon other service providers within this industry for providing them with information as to their certification status, qualifications, experience, education, and staff's credentials. We believe that when you compare the professional staff of Deer Proof, Inc.'s credentials with that of our competitors, you will be able to make your purchase decision easier.
